A NON-PROFIT SUBSTANCE ABUSE TREATMENT AND COMMUNITY CORRECTIONS AGENCY

Lake Erie Community Corrections Center Closure Statement

The Lake Erie Community Corrections Center (LECCC) is closing on December 3, 2020. This halfway house facility accepted referrals from local courts, probation and parole, and from the Ohio Department of Rehabilitation and Correction (ODRC). Oriana House opened LECCC in 2011 to fill an identified need in North Central Ohio for halfway house services. Unfortunately the facility was never fully utilized and ran at less than full capacity most of the time. Smaller correctional facilities like LECCC have the disadvantage of needing to maintain a higher occupancy rate in order to stay financially viable and often small variances in census can be problematic.

We greatly appreciate our LECCC staff for their service at this facility and in the Sandusky community over the years. All individuals who came to LECCC were given the opportunity to improve their lives and due to the commitment and hard work of our staff, many of them were successful in doing that.

Current LECCC clients are being transferred to community corrections facilities in Toledo and Akron.

Oriana House will continue to address the needs of the North Central Ohio region with the CROSSWAEH Community Based Correctional Facility in Tiffin which serves a nine-county area. Oriana House also provides substance abuse treatment and community corrections services in North Central Ohio through Rigel Recovery Services, Northwest Ohio Behavior & Reporting Services (NO BARS), and electronic monitoring programs.
