## IDENTIFIED VULNERABILITIES AND CORRECTIVE ACTIONS

Vulnerability 1: Visual vulnerabilities were identified in several facilities. *Corrective Action*: After assessing several situations throughout our agency two video cameras were moved and 2 video monitors were installed in order to address blind spots.

Vulnerability 2: The ability to clearly hear conversations between clients and between clients and staff has also been identified as an area of concern. *Corrective Action*: Management has addressed staff to be more aware of activities particularly in the dorms which could impede the ability of staff to hear what is going on (e.g. loud music).

Vulnerability 3: Purposeful distraction of staff. *Corrective Action*: Was addressed by each facility manager by assessing staff patterns and the number of staff on each shift and the general location of each staff.

Vulnerability 4: All staff may not be aware of PREA screening Information on current clients. *Corrective Action*: Executive staff have developed procedures for all residential caseworkers to share PREA screening information with other staff such as medical and treatment personnel to decrease client vulnerability. Caseworkers will use the universal referral form to reflect and communicate PREA screening results to all facility and program staff. Facility and program staff will then use the screening results to make appropriate assignments to housing, bed, work, education, cognitive skills, community service, IOP and other program assignments.

Vulnerability 5: Clients not fully aware of all the rules they have to follow with regards to PREA. *Corrective Action*: Add language to the client handbook which addresses these gaps.

## YEAR ONE ASSESSMENT

Oriana House, Inc., is required to abide by the PREA Standards for Community Confinement Agencies that were enacted in June 2012. Oriana House has an existing zero-tolerance policy and procedures.

- The agency will continue to ensure that all new employees are trained on PREA standards. All current employees receive PREA follow-up training on a regular basis in their facility staff meetings.
- Executive staff will insure that policies and procedures are regularly reviewed and updated. In addition, executive staff will ensure that all incidents involving PREA standards will be reviewed by a multi-disciplinary committee. Recommendations will be reviewed for feasibility and applied to minimize risk for clients.
- Upon admission, clients are provided with a handbook informing them of their rights and options related to sexual assault, sexual abuse, sexual harassment, and/or retaliation.

Mary Jones, Vice President of Administration and Legal Counsel  
PREA Coordinator for Oriana House
